Capstone Project 1 -ENGI 4000**Capstone Project – Acknowledgement Form****Objective**

Each project group must prepare a **one-page Project Acknowledgement Form** that reflects the team's commitment and understanding of the course expectations. This form must be signed by all group members and submitted to the instructor.

Format

- Limit to **one page**.
- Use **Humber College letterhead**.
- Use **professional, formal wording**.
- Include a **signature section** with: Student Name, Student Number, and Date.

Obligations

Groups may propose and add more obligations to this acknowledgement, provided they align with course requirements and receive supervisor approval.

Your acknowledgement must, at minimum, address the following points (rephrased in your own words and format):

- Each member has read and understood the course outline, critical path, and evaluation methodology.
- Group members are collectively responsible for deciding how to divide and share tasks.
- Clear consequences will be defined if one or more members fail to meet responsibilities or deliver as expected.
- All members agree to attend scheduled classes and meetings punctually.
- The group commits to meeting assignment deadlines and producing work of agreed-upon quality.
- The group commits to upholding academic honesty and proper citation of references.

Privileges

Groups may propose and add more privileges to this acknowledgement, provided they align with course requirements and receive supervisor approval.

At minimum, include the following privileges (rephrased in your own words and format):

- All group members enjoy equal rights in decision-making, access to information, and recognition of contributions.
- Group members will have access to workspace, materials, and support from the college, subject to supervisor approval.
- Individual contributions will be recognized, and collective work will be assessed as a group.

Submission

- Each group must submit **one signed acknowledgement form by Saturday, September 12, 2026, at 11:59 PM**.
